Emmit Coots  
STOOC G.C.  
Fort Worth, TX

Dear Emmit,

I'd like to thank you for your hard work and dedication to getting our shooting range and retail building in The Colony, TX completed on time and under budget. Having never been involved in the design and construction of a commercial building before, it was an extremely daunting project for myself and the rest of the management staff at RifleGear to undertake. You helped us assemble a very competent design and project management team to guide us through all the phases of the project, from design and planning all the way through construction and completion.

You showed great flexibility throughout the construction phase even when mid-course changes were required in order to work with some very specific requirements of the range equipment contractor and other unforeseen issues that popped up during construction. I am impressed with your ability to bring in the right people for specific jobs and keep everyone on task to meet a tight timeframe on such a complex project.

Again, thank you for a job well done and I hope we can work together on another project in the future.

Sincerely,

A handwritten signature in cursive script that reads "David Christian".

David Christian
